

ENGINEERING - OIL	
Petrobras Energía Perú S.	Detail engineering of series 150, 300 and 600 manifolds
Petrobras Energía Perú S.	Detail engineering of biphasic separation trains.
Petrobras Energía Perú S.	Detail engineering of PV101 scrubber of power plant- El Alto
Petrobras Energía Perú S.A.	Detail engineering for the improvements in oil treatment plant- Carrizo
Petrobras Energía Perú S.A.	Detail engineering for OR12 battery adequacy.
Petrobras Energía Perú S.A.	Detail engineering of 2" ERFV injection network, MC1 and MC-2 manifolds extending for the central water injection Project.
Petrobras Energía Perú S.A.	Detail engineering for vacuum compressors installing in CEE
Petrobras Energía Perú S.A.	Detail engineering for the compression station and gas injection in Laguna Zapotal EZA-04 and installation of compressor Booster in Peña Negra EPB0.

CONSTRUCTION - OIL	
Petrobras Energía Perú S.A.	Mechanical, piping and instrumentation works for compression station and gas injection in Laguna Zapotal EZA04 and installation of Booster compressor in Peña Negra EPN-30.
Petrobras Energía Perú S.A.	Installation of vacuum compressor in Central 0.
Petrobras Energía Perú S.A.	Remodeling of Peña Negra 30 battery
Petrobras Energía Perú S.A.	Installation of walking beam compressors.
Petrobras Energía Perú S.A.	Civil works for the expansion of compression stations ET-28 and ELA-06.
Petrobras Energía Perú S.A.	Organos 12 battery adequacy.
Petrobras Energía Perú S.A.	Improvements in oil treatment plant- Carrizo
Petrobras Energía Perú S.A.	2" ERFV injection network, MG1 and MC-2 manifolds extending for water central injection project.
Petrobras Energía Perú S.A.	Gas scrubber for power plant
Petrobras Energía Perú S.A.	Manifolds for water injection with epoxy lining
Petrobras Energía Perú S.A.	Separation trains.
Petrobras Energía Perú S.A.	Well bag tank.
Petrobras Energía Perú S.A.	Manifolds for oil and gas.
Petrobras Energía Perú S.A.	Engineering, Procurement and Construction for compressor installation in ETA 27
Petrobras Energía Perú S.A.	Engineering, procurement and construction for improvements in the treatment plant Carrizo Oil- Lote X
Petrobras Energía Perú S.A.	Detail engineering and civil, mechanical, piping, electrical and instrumentation works for installation de compressor in EZA-04
Petrobras Energía Perú S.A.	Construction and installation of concrete bars for new wells in Lote X
Petrobras Energía Perú S.A.	Engineering, procurement and construction for the modernization of the Pariñas control plant- Lote X

CONSTRUCTION - OIL

1. Separation oil and water tank- Oil Treatment Plant, PTC.
2. Sand jet system for cleaning the solids in free water knock out tank.
3. Trains of oil and water separation, Peña Negra PN-30 Battery.
4. Lifting of natural gas compressor in the compression station Zapotal EZA04.
5. Natural gas compressor installed on ETA27.
6. Oil and water heat exchanger- Oil treatment plant, PTC.
7. Arrester in Organos OR-12 Battery.
8. Peña Negra 30 Battery.
